Helping our students get accepted to their top choice colleges!

**Free
Consultation**

We welcome 9th to 12th grade students!

You are truly the Weingarten "Dream Team" – I can't thank you enough! I really appreciate all the time you spent with me, and you took so much stress out of this rigorous process. You helped me perfect my applications, and although the process was exhausting, I couldn't be happier! I only hoped to be admitted into one of my favorite schools; I never expected acceptance into multiple Ivy Leagues, MIT, and various other highly selective colleges. I can't wait to begin my journey. Thanks again for everything! – Stanford Class of 2022

Thank you so much to Matthew and Laurie! Even though I started my college process late, you guys helped guide me, showing me how to put my best foot forward! I am so excited to attend UChicago and am grateful for all your insight!! – University of Chicago, Class of 2022

WHAT IS ENDOSCOPIC SPINE SURGERY?

This groundbreaking same-day surgical technique is changing lives

- ❖ Same day surgery—no hospital stay
- ❖ No muscle or bone removal
- ❖ Preservation of spinal mobility
- ❖ Minimal pain after surgery
- ❖ Mostly local anesthesia
- ❖ Low chance of infections and complications
- ❖ Speedy recovery
- ❖ High success rates

THE ATLANTIC SPINE CENTER DIFFERENCE

❖ The Most Advanced Training

Even with extensive training, **the real difference is our experience.** In order to master endoscopic surgical techniques, the more experience a surgeon has, the better. We are dedicated solely to spinal care, with many years of experience and thousands of satisfied patients.

❖ True Minimally Invasive Procedures

We perform true minimally invasive spinal surgeries. Some surgeons may refer to a surgery as “minimally invasive” because they make a small incision. However, retractors are still used which causes ripping and tearing of the muscle, resulting in pain, blood loss and a long recovery. Our endoscopic surgical techniques allow us to go between the muscle without the need to cut it.

❖ Our Reputation is Unmatched

We are nationally recognized as leaders in our field. More than 85% of our patients are satisfied with their pain relief and we have never had litigation brought against us. We are owned and operated by physicians, instead of business men. That means we put patients before profit.

❖ State-of-the-Art Technology and Facilities

We offer a full line of services, ranging from pain management to surgical options. We only utilize state-of-the-art technologies in our practice and at our world-class surgical center, the Advanced Spine Surgery Center. Our stand-alone surgical center is dedicated solely to our spine and neck surgery patients.

❖ Exceptional Personalized Patient Care

While many practices are becoming larger and losing their personal touch, Atlantic Spine Center has maintained a traditional practice sense. Our office staff and physicians are warm and caring people who truly strive to make our patients feel better.
